Dear Tim,

Thanks for the good letter. It's great to hear that in the midst of all the great work you're doing around your case, you still find time to also do work around Marion. There's a lot that's bubbling up around Marion. Let me first tell you about that, then I'll get to the literature part.

Yes, we know about the new call for a cong investigation. Jan sent a great letter off to Kas that I know you all helped shape. In addition, we are working hard with a group in Madison to pressure Kas. That's coming along ok. If you know anyone there who could/should be part of that effort, please let me know. Mort Sobell spoke there in Oct and that helped us build a bit of a presence there. I'll keep you posted on that work.

I've written to and spoken with Dick Clapp on the phone. And then when I was in Boston in Nov visiting my daughter, I showed our video at AFSC and invited Dick, who came. We had a good talk and I urged him to do a program in Boston around Marion, which he said he would try to do. It would be great if Allen could urge him in that direction.

Finally, we have been circulating a petition about the water and have about 200 completed up to now. Some copies are enclosed. We are developing a plan around these for May, and again, if you know people who would like to circulate them, please let us know. We will have our May plans finalized in a couple of weeks and will write you then with the details. The essence will be that we will deliver the petitions to a couple of logical targets. The more we have, the better of course.

Now, with respect to the lit. We will send you whatever you can use, any amount, and we'll handle the finances, unless of course someone who isn't as poor as us wants to make a contribution. First, we have the petition. Second, we have been using your water article, reprinted as one page, two sides, in the Marionette. Third, we use the Progressive article (also enclosed). As for a more general piece, we have that brochure which is now hopelessly out of date and is being revised. That should be ready in a month or so. When it is, I'll send it to you. So just let us know what you want and when. I'll enclose some stuff since I'm not sure what you've seen or what will be helpful. Unfortunately, we never got a piece together on the Giardina and just sent out copies of documents when appropriate

By the way, many people really liked the statement you and Allen sent to the conference. Someone else in CEML should have mailed you a copy of that by now. Let me know if you haven't yet received it.

Please give my love to everyone there. You all are a massive inspiration to those of us out here.

Take good care.

For Freedom,
