

SUGGESTED TIMETABLE FOR THE SPRING OFFENSIVE AROUND THE WATER AT MARION

Steve, Feb 5

It has been agreed that Friday May 4 and Saturday May 5 will be target dates.

1. Circulate the petition. We currently have 200 completed petitions, or 1600 signatures. Our goal should be 2000 petitions (16,000 signatures). Nancy and Dawn will be lead people for CEML.
2. Work with Champaign-Urbana and get them to help. Kim will be lead person for CEML. *We already had a program there on Feb 1.*
3. Work with Madison people and get them to have a demo and perhaps a program on May 4 or 5. Kastenmeier should be the target. Mariel and Steve will be lead people for CEML. *A program and a meeting are set there for Feb 20.*
4. Work with the Carbondale/St. Louis folk to generate two weekends of leafletting prior to May 5. We propose Saturdays April 21 and 28. (It would be great if we could speak at some churches on Sundays April 22 and April 29.) Then work to have a program on May 4 and a delegation on May 5 to the gates of Marion to try to give Henman the petitions. Steve and Nancy will be lead people for CEML. *A meeting is set in Carbondale for Saturday, March 3 in the morning and a program in St. Louis is set for that evening.*
5. It would be good for something to happen in other cities where we know people, like New York, San Francisco, etc.
6. Work with Mike Yasutake and DC folk to set up BOP delegation, press conference, and perhaps small demo outside BOP while delegation is visiting, on Friday, May 4. Steve will be lead person for CEML.
7. Note that these plans do not include anything in Chicago since we all will be elsewhere. Is this a problem?

In summary, CEML seems to have a shot at helping things happen in Carbondale/Marion/St. Louis, DC (with Mike Y being key), Madison, and perhaps something small in Champaign-Urbana. We cannot get things done in SF, NY, or even Chicago. In addition, we certainly could not get 2000 petitions completed.
