DICTATOR JUAN BORDABERRY OF URUGUAY CONTINUES TO HOLD SWAY AGAINST THE WISHES AND ACTIONS OF VERY WIDE SECTIONS OF THE PEOPLE, THE UNIONS, AND CONGRESS. ARRESTS AND ATTACKS ON DEMOCRATIC AND LEFTIST GROUPS AND MURDERS OF UNION LEADERS ~~as they~~ *as they form a united front against the Government* A FEW WEEKS AGO U.S. PAPERS PUBLISHED A SHORT ARTICLE ABOUT THE TUPAMAROS, THE URBAN GUERRILLA GROUP IN URUGUAY THAT HAS GAINED SUCH WIDE ATTENTION IN THE PAST YEARS. THE ARTICLE ALLEGED THAT THE TUPAMAROS HAD ISSUED A STATEMENT SAYING THAT THEY ADMITTED DEFEAT. WE HAVE NOW RECEIVED A FULL TEXT OF THAT STATEMENT, AND HERE ARE THE MAJOR PARTS...IT IS NOT ONLY CLEAR THAT THE STATEMENT IS A CALL TO STRUGGLE, NOT AN ADMISSION OF DEFEAT, BUT ALSO EXPLAINS BETTER THAN PREVIOUSLY POSSIBLE WHAT THE SITUATION ^{actually} IS IN URUGUAY.....

Movement of National Liberation
--Tupamaros--

To the People

Tupamaro Post

The fascist military dictatorship has taken off its mask, smashing the last vestiges of liberty that remained in the country. Fascism is the new form of violence of the exploiters. The agricultural and cattle-raising production is at a stand-still, industry is paralyzed for lack of raw materials. The government of the big landowners wants to transform the country into one large estate; the rich have multiplied their wealth, while the people have multiplied their poverty.

Unemployment spreads, inflation devours the salaries; misery is the order of the day. The people lack even the most essential foods; for the people, eating is a tragedy that renews itself day after day. But the people aren't passively accepting this situation: they are organizing and fighting.

The heroic strike launched against the Dictatorship shows this; the working class and the people, with their mobilizations, with the occupations of the work centers, have given an historic response. And precisely to confront this combative presence of the people, who no longer question the men that the oligarchy puts in the government, but the oligarchy itself; the owners of the country turn to fascism, converting the sports stadiums into jails, machine-gunning demonstrations, killing people in the street. This is why fascism is a new form of violence against the people.

For this reason they have imposed the military dictatorship.

when

The moral scruples of the rich disappear ~~when~~ their wealth is in danger; for the big landowner there is no other democracy than that of their own millions. They sense that the people, with their struggle, are questioning their way of life, but they won't give in to losing their privileges. For this reason, they didn't hesitate in implanting the Dictatorship: applying prison, torture and murder, transforming the country into a huge concentration camp.

The armed forces, who are the jailers, torturers and murderers of the people, and for this reason fascists, aren't new to this job. In 1951, in the strike of the "united guilds" they showed their true repressive face. In 1968 and 1969 it was the armed forces who jailed thousands of workers, clubbed the workers of the UTE and ANCAC in the CIM (unions), confining 1000s of workers on the Isle of Flowers and in the barracks of the interior, inventing the "paseos" and the "plantones en la Rambla." [forms of torture]. And in 1969 bankxx clerks died in the jails.

They are demonstrating once and for all that their fundamental role is to be the armed wing of the oligarchy, becoming the executioners of the people.

~~This was not the role that Artigas assigned to them.~~

The army of today, henchmen of bankers and landowners, at the service of the "bad foreigners and worse americans," unite themselves with those who killed Artigas; the Brazilian "gorillas" of whom they are admirers, from whom they receive aid and "advice" and to whom, finally they want to sell us out.

2

⑥

Today the working class and the people take in their hands the purest flags of liberation that were raised by Artigas, and confront the same enemies as the artiguista people did at that time. And it is today that other revolutionaries and other peoples struggle in Latin America to win their ~~xxx~~ total independence from their national and imperialist oppressors.

And for this reason, it is clear today that the main enemies of the people are the oligarchy ~~xx~~ with their armed forces and yanqui imperialism.

We, the Tupamaros, always maintained that it was necessary ~~fx~~ to defeat the repressive forces of the oligarchy, in order to be able to terminate their power. In that confrontation we suffered a temporary setback, starting from April 14, 1972 which was due mainly to our deficiencies and to ~~tr~~achery.

Our deficiencies were: on the one hand, underestimating the enemy, as they were much more powerful than we believed, especially in terms of the technology and financial aid that the northamericans provided. And on the other hand, for this confrontation we didn't evaluate in its correct terms the tremendous capacity of the people for struggle, and we had excessive confidence in our own forces.

Without the participation and the direction of the working class, revolution is impossible.

Betrayals also played an important part. Traitors have always appeared when the people rise up to fight for their destiny. Hector Amodio Berez and Mario Arquimides Piriz Budes are, in part, the reason for the successes of the armed forces. The ~~xxxx~~ people will soon settle accounts with them.

But against the treason of Amodio and Piriz, how many have withstood and are withstanding torture and death with courage and signity! How many have confronted death ~~wixkwxk~~ boldly, without hesitation, like true revolutionaries!

Against the few who have turned their backs on the people and the revolution, many have just opened their mouths to throw their hatred and rebellion in the faces of the executioners. And it is their example that must guide us permanently. Thousands of fighters are prisoners in the concentration camps of the enemy: the people will liberate them. It won't be a gift from fascism; it will be the result of the protracted struggle of the organized people, which does not allow any concessions.

Long live the example of the fallen fighters in the memory of the militant people!

Revolutionary honor to those who were stronger than their torturers!

FROM HERE ONWARD

The people face a difficult challenge: either to take the road of revolutionary arms in order to construct and defend the homeland of Artigas, of the exploited, or to convert it into a huge estate at the service of the Brazilian "gorillas." We have already covered a long and painful road. The main tasks of the people are to multiply the forces organized to fight, in the factories, in centers of study, in the barrios, in the shantytowns, in the

villages, in the countryside, using all means against the enemy, wearing him down, hitting him everywhere, not letting him rest, combining all the forms of struggle.

The recent experiences, including the strike against the Dictatorship, have shown that the revolution, besides being necessary, is possible in our country. To prolong this objective is to depart from the road that has already been covered.

There will be different situations in this process. We will be with all those political positions that mean the advancement of the revolutionary process. But this will not be possible through the road of conceding to the enemy. This struggle doesn't exclude anyone who is really ready to break the dependency on Northamerica; to break the backbone of the latifundist system and to eliminate the oppression of the people by the oligarchy.

The objective has always been the same and we reaffirm it today: not to improve the regime, but to destroy it, in order to mold and build a new society led by the workers.

And this is the task of all the people together.

LET'S ORGANIZE THE PEOPLE'S WAR AGAINST THE FASCIST DICTATORSHIP!
THE HOMELAND WILL NOT BE BRAZILIAN!
LIBERTY OR DEATH!

IN AFRICA, BOTH PORTUGUESE COLONIALISM, WHICH IS SUPPORTED BY THE U.S, AS WELL AS WHITE RACIST REGIMES HAVE STEPPED UP ATTEMPTS TO MURDER GUERRILLAS AND TERRORIZE POPULATIONS WHICH SUPPORT THEM. TROOPS FROM ZIMBABWE WHICH THE WHITE RACIST GOVERNMENT CALLS RHODESIA, HAVE CROSSED BORDERS INTO ZAMBIA, HAVE ARRESTED AND TORTURED PEOPLE SUSPECTED OF AIDING ZAMBIAN GUERRILLAS, AND HAVE ARRESTED AFRICAN POLITICAL LEADERS IN ZIMBABWE. AS ALWAYS, THE INCREASED TERRORISM IS AN ATTEMPT TO CRUSH A LIBERATION MOVEMENT THAT IS GROWING, ESPECIALLY IN THE ANGOLA. MOZAMBIQUE, AND GUINEA BISSAU. WE HAVE RECEIVED A DISPATCH FROM THE LIBERATED AREAS OF GUINEA BISSAU OF THE SECOND CONGRESS OF THE AFRICAN PARTY FOR THE LIBERATION OF GUINEA BISSAU AND THE CAPE VERDE ISLANDS...OR PAIGC. IT IS DIFFICULT TO HOLD SUCH A CONGRESS BECAUSE MESSAGES ABOUT SUCH A MEETING MUST BE CARRIED BY FOOT THRU THE WAR ZONES. DELEGATES FROM ALL OVER MUST TRAVEL TO A COMMON MEETING PLACE DURING AN ON GOING WAR AGAINST THE PORTUGUESE. THE CONGRESS ELECTED ARISTIDES PEREIRA, ONE OF THE FOUNDERS OF P.IGC AND ASSISTANT TO AMILCAR CABRAL TO BE SECRETARY GENERAL. CABRAL WAS MURDERED BY PORTUGUESE AGENTS EARLIER THIS YEAR. THE ELECTION WAS UNANIMOUS. ONE OF THE MOST IMPORTANT RESOLUTIONS OF THE CONGRESS SAID LAYING THE GROUNDWORK FOR A POPULAR ASSEMBLY TO DECLARE THE INDEPENDENCE OF GUINEA BISSAU AND THE ADOPTION OF THE FIRST CONSTITUTION, TO TAKE PLACE BEFORE THE END OF THIS YEAR. Women prisoners testify

Women prisoners testified ~~last~~ before a New Jersey state committee that they are used as a source of cheap labor for homeowners. Four women from the Clinton Reformatory for Women said they were granted "day parole" to work up to eight hours a day in nearby homes. The pay is "about \$7 or \$8," the women said. The women said that despite the low pay they took the jobs because prison work paid between 64 cents to \$1 a day. The homeowners paid the money to the prison, which then returned the money to the ~~prisoners~~ upon their release. ~~One state senator said the low wages might violate state or federal minimum wage laws.~~
