## **Stop the Nazi Skinhead recruiting rally! January 14, 1989, Rocklin, California**

On the march in many cities across the country, Nazi skinheads emulate Third Reich storm troopers in their combat boots, swastika badges and tattoos—and in their penchant for violence against Blacks, Jews, and gays.

Schooled in Nazi philosophy and taught to kill, by the master-racists of Amerikkka—California's White Aryan Resistance (WAR), Richard Butler's Aryan Nations, and the Ku Klux Klan, racist skinheads are the shock troops of a new white supremacist movement. They have a full-blown ideology—and it's the same as Hitler's.

The Rocklin recruiting rally will be the first public activity of the *American Front* since their May 1, 1988 white power rally in San Francisco. Under a banner proclaiming White Workers Day, 60 shaved-head racists goose-stepped down Haight Street chanting, "We don't care what the commies say, May 1st is White Workers' Day."

Bay Area Nazi skinheads made news when they attacked a Black woman in San Jose in 1987, and again in March, 1988, when Scott Vollmer, a white 22-year-old rock musician was stabbed to death while trying to avert a racial attack on a Black friend.

San Francisco-based Bob Heick and his *AF Nazis*, are the center of a growing racist and violent Nazi youth movement. Closely associated with Tom Metzger's WAR and John Metzger's Aryan Youth Movement (AYM), members of the WAR/AYM and San Diego's War Skins were recruiting in Portland, Oregon when Nazi skinheads beat a Black man to death with baseball bats in November.

**We won't allow these fascists to recruit in our communities! Let's to stop the American Front Nazi Skinhead recruiting rally. Anti-racist white people have a special responsibility to fight white supremacy. A united effort to oppose racist violence and defend human rights can defeat these born-again Nazis. Join us!**
