On Tuesday, March 24th the Menkada Library and the John Brown Anti-Klan Committee are calling a picket to protest against the Slope Citizens Anti-Crime Network. We are calling on all progressive and anti-white supremacist people to join us. We have to make it clear that there are hundreds of us who are outraged at the growth of white supremacy, white vigilantism, killer cops, the KKK in Park Slope, and SCAN's vigilante motor patrol. SCAN is led by the police, defines crime as crime against white people, and supports killer cops. After 15 years of gentrification and genocide that removed thousands of Black and other Third World people from this community - SCAN is now part of building the infrastructure for fascism. It gets built through block watchers, block patrols, civilian observation patrols, motor patrols, and auxiliaries that support and participate with killer cops to attack Third World people fighting for human rights and the right to live free of racist terror. Building on racist hysteria and the code word of "crime-prevention", SCAN makes racist attacks and police terror legitimate and respectable for white people.

Black and other Third World people across the country are leading the struggle to bring killer cops to justice --to stop the KKK. In New York City and cities across the country Black people by the 10's of thousands protested against the murders of 25 Black children in Atlanta. Black and Third World people are organizing to protect and defend their communities, to stop genocidal attacks and build the struggle for self-determination.

In the face of this mobilization for basic human rights - Haig, Burger, McGuire launch their "anti-terrorist" campaigns --Bellamy, KKKoch, Golden come to Park Slope to organize "loyal Americans" to "anti-crime" squads. And the Phoenix, self proclaimed voice of the Brownstone movement, launches a racist campaign to promote SCAN as a model for genocide.

From its Brownstone base in the north Slope, SCAN is now fighting to recruit working class people in the south Slope. The conditions of life in this part of the community are deplorable. The deterioration is from arson and burnouts, drug warfare, genocidal health care and the particular attacks on the lives of women and children...schools that don't teach, daycare that will soon come under direct attack, violence against women, Klan organizing. Last week killer cops Agrillo and Fox were cleared by a Grand Jury. Last month Fox and Agrillo murdered 17 year old Chino Mendez in cold blood in sunset park. Fox has been targeted by young Puerto Rican people in the community as responsible for brutal beatings of youth, in the streets of this community. The PBA is the KKK. White working class women and men can never change the conditions in this community by fighting for fascism...fighting to drive Third World people out, supporting killer cops, fighting for white supremacy. As white working class women in this community, we must fight to build a movement that will fight white supremacy and genocide. We know there are hundreds of people in this community that hate killer cops, that oppose the Ku Klux Klan, that oppose the building of SCAN. For 4 years we have fought to build solidarity with the struggles of Black and Third World people for human rights and liberation - have fought against organized white supremacy and genocide - and we now need to build an anti-imperialist under third World leadership to STOP SCAN and get SCAN OUT OF PARK SLOPE.

We urge you to join us in public ly protesting against SCAN and killer cops. We are building active support for the Black liberation struggle in this country and African liberation worldwide, because we know that is the only way we can defeat white supremacy and imperialism. We have launched a campaign to build solidarity with the United League of Northern Mississippi as they give leadership to the struggle of Black people for human rights and against Klan terror. We are organizing a program for students to fight to stop Klan organizing in the schools and for anti-imperialist solidarity with national liberation. --COME TO THE DEMONSTRATION!
